The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 4-8 and 20-24 are rejected under 35 U.S.C. 102(b) as being anticipated by the British Patent (GB 1 298 295).

The British Patent discloses the claimed antibacterial compounds wherein one of R2 and R3 is hydroxyl and the other is methyl, a composition containing said compounds and a method of treating bacterial infections.
